The Magical Suitcase – Review by Global Concepts Montessori School

This interactive show was indeed enjoyable and entertaining for our students. Both our Toddler class (12months – 2 ½ years) and Primary class (3 – 5 years) enjoyed this magical journey.

Children loved watching Kiki and Mr.Suits being silly and very funny!! It was nice to see children interacting and participating during the performance. They enjoyed listening to new songs as well as old songs.

The story was talked about during the whole school week and some older children tried imitating Kiki and Mr. Suits ☺

I can recommend this performance as both entertaining as well as involving for pre-school children.

I wish Kiki and Mr. Suits all the very best in their journeys!!
